

Detroit Health Care for the Homeless d/b/a/ Advantage Health Centers, is a 501c3 federally qualified homeless health center, incorporated in 1986 with the mission of improving the health status of our most vulnerable and underserved population in Metro Detroit; homeless men, women, and children.

National Homeless Persons' Memorial Day is Wednesday, December 21, 2011 - the winter solstice, the longest, coldest night of the year in the Northern Hemisphere, marking the beginning of the winter season. On this day, we pay homage to those who died during the year, and reach out to provide much needed assistance to those that we can.

Our program begins with an ecumenical service at The Cathedral Church of St Paul, 4800 Woodward Ave., Detroit. Following the service, our staff, board of directors, and volunteers will serve a hot, full course meal to the homeless attendees, after which, warming gifts and toiletries will be distributed to all.

Your assistance is requested in this effort. Donations of new outer garments (hats, gloves, scarves, sweaters, socks, etc.), toiletries, or a cash donation to purchase same, would be greatly appreciated. Please forward your contribution to:
